

COSHH SAFETY DATA SHEET

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Clear Liquid
Odour	Pungent Characteristic
pH	pH<1
Solubility in water	Fully Soluble
Boiling Point	100 to 110
Vapour Pressure	Less than 5 at 15°C

10 STABILITY AND REACTIVITY

Stable -cool storage conditions are recommended.

11 TOXICOLOGICAL INFORMATION

Will irritate or burn eyes and skin..

12 ECOLOGICAL INFORMATION

Will damage natural plant life, fish etc. if spilled in large quantities.

13 DISPOSAL CONSIDERATIONS

Absorb with sand and dispose of as per Local Authority Regulations.

14 TRANSPORT INFORMATION

UN no:	1789
Class:	8
Packing Group:	II
ADR/RID item no:	5(b)

15 REGULATORY INFORMATION

Classed as Corrosive

S2	Keep out of children's reach
S24/25	Avoid skin and eye contact
S26	In case of contact with eyes, rinse promptly with copious water
S46	If swallowed SEEK MEDICAL ATTENTION IMMEDIATELY and show container
R34	Causes burns
R37	Irritating to respiratory system
	SEEK MEDICAL ATTENTION IF SYMPTOMS PERSIST

16 OTHER INFORMATION

JL Brick Cleaner is a powerful acid based cleaner for the removal of mortar and cement from brickwork, tools and mixers. It is also suitable for cleaning patio flags. It can be used either in its concentrated form or diluted with water depending on the level of mortar or soiling.
